<b>Firefighting:</b>	Novec Fixed fire smothering system
<b><i>ADDITIONAL INFORMATION</i></b>	
<b>Fishing gear:</b>	4 x hydraulic dropline reels
<b>Licences:</b>	N/A
<b>Comments:</b>	This vessel has been built to exceptional standards with little expense spared. It has successfully completed 6 pacific crossings and been used as a charter vessel in the pacific islands. Currently being used as a commercial fishing vessel (droplining in the coral sea), this vessel would ideally suit as an abalone mother ship or fishing / charter vessel with very comfortable accommodation. Please call us to arrange for an inspection in Cairns.
	<b>Price \$550,000.00 + GST ) Negotiable</b>
